Onga 4352 has not been made for last 15 years, no parts nothing ! The Porta Pac is approved electrically for use in Australia, do not risk your families safety with cheap inline heaters unapproved imports! ALL ELECTRICAL ITEMS MUST BE SAA APPROVED, it is the law!

This spa pack will replace Davey Xcelsior, Waterco SSC air, no more touch pads available.

This complete 10amp spa pump/1.6kw heater/control unit is the replacement for all the old air button controlled spa units. Easy to fit in existing older spas, great replacement for **Onga 4352s etc which have not been made for many years**. *Upgrade to bigger heater but you need a 15Amp outlet.* **The Portable Package unit are extremely simple to install and operate using just one of your old air buttons, just push the same button for each operation, has outlet for your blower. Complete with 3 pin plug and flex, new air tube for the air button, 50 or 40mm 1 1/2" couplings(just glue to your pipes), external easy fit temperature sensor.**
