

SPA COVERS ALL SIZE and SHAPES to ORDER

SPA COVER FEATURES

- Double Top Stich** Making the spa cover more durable and able to withstand Australia's harsh environment and less prone to accidents.
- Heat Seal** Made standard with the premium spa cover to retain the heat for a longer period reducing running costs.
- Water Proof Foam Wrap** Hardback Spa Covers has a purpose built machine to encase the foam in plastic wrap to help prevent steam saturation, making the cover lighter and more manageable for longer.
- Vinyl** We only use marine grade vinyl which is UV protected and mould resistant to prevent nasty smells.
- Key Locks** Our key lock system is made from ABS and will not discolour go dry, brittle and break.
- Aluminium reinforced** All of our premium spa covers come standard with aluminium reinforcement. This helps prevent any sagging of the cover.
- Cover Taper** Our premium spa covers have a 100mm taper down to 60mm. This gives it more strength and stability allowing water to run off.

COVER LIFTER FEATURES

- Design** Sleek, safe and designed to gently cradle the cover giving the cover maximum protection. Gas strut assisted enables cover removal and placement with minimum effort. Most compact, stylish lifter on the market.
- Construction** Stainless steel marine grade construction with full foldaway arms for safety.
- Installation** Incredibly simple installation for a no fuss set up.
